Response:

- A. Electronic Security Perimeter
- B. Security Management Zone
- C. Regulatory Protection Area
- D. Controlled Cyber Domain

Answer: A

Question: 4

What is the primary function of an Electronic Security Perimeter (ESP) in BES Cyber Systems?

Response:

- A. To provide a physical barrier around sensitive equipment.
- B. To monitor environmental conditions within critical facilities.
- C. To control electronic access to BES Cyber Systems.
- D. To ensure all communications are encrypted.

Answer: C

Question: 5

Who is typically responsible for categorizing BES Cyber Systems?

Response:

- A. All employees, as part of their regular duties.
- B. External auditors during annual reviews.
- C. Designated personnel familiar with NERC CIP requirements.
- D. The local government.

Answer: C

Question: 6

How might a vulnerability in an electronic security perimeter impact a BES Cyber System?

Response:

- A. Improved system efficiency
- B. Increased public awareness
- C. Potential unauthorized access
- D. Enhanced employee morale

Answer: C

Question: 7

What is a key benefit of conducting regular vulnerability assessments on BES Cyber Systems?

Response:

-
- A. Identifying and addressing security gaps before they can be exploited.
 - B. Ensuring compliance with international trade regulations.
 - C. Facilitating faster system upgrades.
 - D. Reducing the need for user training.

Answer: A

Question: 8

Cross-training in different roles is encouraged to:
Response:

- A. Improve team-building skills
- B. Ensure redundancy and enhance incident response capabilities
- C. Increase employee versatility for non-related tasks
- D. Make job rotations more frequent

Answer: B

Question: 9

Physical security plans for BES Cyber Systems should include:
Response:

- A. Detailed guest entertainment protocols
- B. Measures for detecting and responding to physical security breaches
- C. Provisions for pet access
- D. Public access areas for educational purposes

Answer: B

Question: 10

Why is it important to accurately categorize BES Cyber Systems?
Response:

- A. To facilitate insurance claims.
- B. To prioritize systems for maintenance.
- C. To ensure appropriate protection levels are applied.
- D. To streamline employee access.

Answer: C
