## Question: 1

Note: This question is part of a series of questions that present the same scenario. Which question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

The corporate marketing team has developed a branding strategy that includes five mandatory components and visual requirements that must be incorporated for all materials.

The VP of Marketing, who receives a copy of each email sent, has recently seen some emails that do not adhere to all five standards.

You need to ensure that future emails adhere to these standards.

Solution: You send an email to any user who created a deficient template identifying the deficiencies and request that they correct their templates.

Does this meet the goal?

A. Yes

B. No

**Answer: B**

## Question: 2

Note: This question is part of a series of questions that present the same scenario. Which question in the series contains a unique solution that might meet the stated goals. Some question sets might have more than one correct solution, while others might not have a correct solution.

After you answer a question in this section, you will NOT be able to return to it. As a result, these questions will not appear in the review screen.

The corporate marketing team has developed a branding strategy that includes five mandatory components and visual requirements that must be incorporated for all materials.

The VP of Marketing, who receives a copy of each email sent, has recently seen some emails that do not adhere to all five standards.

You need to ensure that future emails adhere to these standards.

Solution: You create an approval process on the template records. You restrict usable templates to only those that have been approved.

Does this meet the goal?

A. Yes

B. No

**Answer: A**

**Answer:**
